MINERAL COLA HEALTH BENEFITS

Potassium works with sodium to maintain fluid balance, supports digestion, muscle contractions, enhances nerve signals transmissions and helps regulate blood pressure. It's also important for heart, bone and kidney health.

Magnesium aids energy production, accelerates muscle recovery and improves nervous system balance.

Caffein and Sugar – natural caffein extracts energy from your body resources generating activity but it does not contain energy itself, however sugar provides energy.

Sodium, in proper amounts, supports hydration, nerve impulses and assists muscle contractions.

Citric Acid is a wonderful natural ingredient that boosts detoxification and supports healthy digestion, energy levels and kidney function.

Zinc is an immune system booster. The body needs zinc to fight off infection.

ONE CAN CONTAINS 1/5 DAILY NORM MINERALS

PSYCHE LEGEND

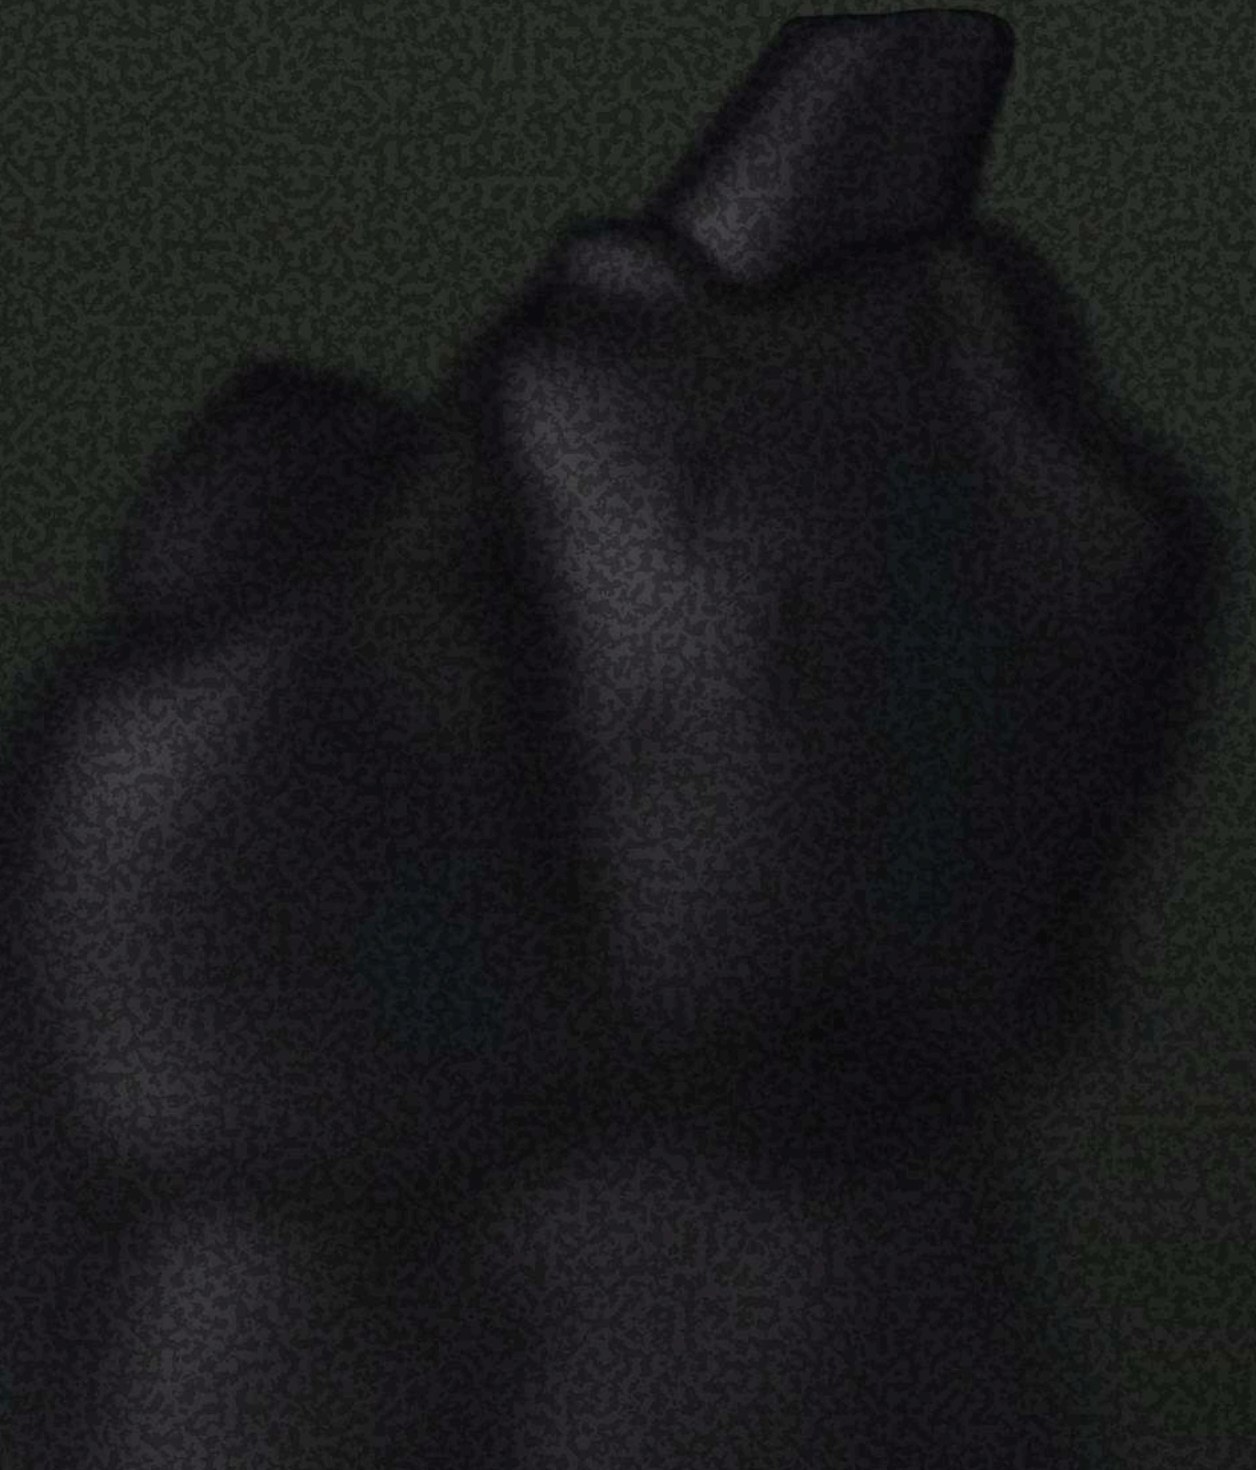

Psyche is a protective allegorical being personifying the metamorphosis of human nature, soul and character...

The depths, angels and mystery of human consciousness, empathy, inner struggles and power.

Its dark and bright sides interact inevitably leading to perception development and personal evolution.

It is a symbol of fantasy. It is energy.

Psyche was imagined and drawn by a 8 year old kid from Estonia in 2020.
